Summary

Motivated MCA student with hands-on experience in full-stack web development and survey programming using JavaScript, Python, React.js, Node.js, and MongoDB. Experienced in building scalable applications, implementing complex business logic, and solving real-world technical problems. Passionate about software engineering, backend systems, and continuous learning.

Education

ABES Engineering College, MCA	Sept 2024 – June 2026
• CGPA 8.34	
IPEM College Ghaziabad, BCA	Sept 2021 – June 2024
• CGPA 7.37	

Technologies

Languages: Java, JavaScript, Python, XML
Core Concepts: Data Structures & Algorithms, OOPs, DBMS, Operating Systems
Frameworks & Libraries: React.js, Next.js, Express.js, Node.js, Tailwind CSS, jQuery
Databases & Tools: MongoDB, MySQL, Git, GitHub, VS Code, IntelliJ IDEA, Decipher, Figma

Experience

Survey Programmer NS Matrix Service Pvt. Ltd.	JAN 2026 – Present
- Developed and maintained complex online surveys using Decipher, XML, jQuery, and Python scripting. - Implemented advanced survey logics including skip logic, piping, randomization, validations, quotas, and dynamic question flows. - Performed debugging, testing, and quality assurance to resolve scripting and logic-related issues efficiently. - Collaborated with cross-functional teams to deliver scalable and optimized survey solutions within project timelines.	

Projects

PokeUs – Couple Connection Platform	github.com/akashjha991/PokeUs Live Link->
- Built a full-stack real-time communication platform using Next.js, React, Node.js, and MongoDB. - Implemented real-time messaging using Socket.io with typing indicators and online user status. - Designed responsive UI and backend APIs for seamless cross-device experience.	
Dinacharya – Personal Journaling Web App	akashjha991/dinacharya
- Developed a secure and user-friendly journaling application with authentication, CRUD operations, and keyword search. - Implemented RESTful APIs using Node.js, Express, and MongoDB to manage user profiles and journal entries. - Built a responsive frontend with React.js, TailwindCSS, ensuring smooth cross-device experience.	

Certificates & Achievements

TCS Codevita season 12 — TCS with global rank 1799	November 2024
Value Added Program on Java Technology with Projects — IPEM Ghaziabad	March 2023
Completed certifications in C++ — HackerRank	December 2024
Completed certifications in Java — HackerRank
